

Livonia Public Library Seeks a Full-time Technology and Youth Services Librarian

The Livonia Public Library is seeking a dynamic and creative person to become our new Technology and Youth Services Librarian! The Technology and Youth Services Librarian (TYSL) is responsible for planning, developing, and implementing Science, Technology, Engineering, Art + Design, and Math (STEAM) youth programs.

While working in a newly renovated and expanded modern library facility, the TYSL has creative freedom and full support to design programs that engage and inspire young adults in the world of STEAM. Knowledge of emerging trends in technology learning strategies, equipment, coding languages, and software is essential. Experience with and a passion for working with youth is required. (Position scope does not include youth programs for children age birth through nine).

This position also involves library clerk duties necessary for the proper organization and distribution of library materials. Candidate will also be in charge of young adult collection development. No prior knowledge of library procedures is required. Library clerk training will be provided.

The Livonia Public Library provides a wide range of programs, services, and materials, with a distinct emphasis on current titles and technologies, to all ages in our community, in an effort to encourage literacy, enrich lives, and create lifelong learners. We are a member of the OWWL system consisting of 42 member libraries in Livingston, Wyoming, Wayne and Ontario counties.

Minimum qualifications:

Bachelor's Degree related to the field of education, youth program services and/or library science from a regionally accredited or New York State registered college or university. At least one (1-2) year(s) of paid experience, working with youth programs.
